

Hokkaido Golf trip

Play some of Hokkaido's finest golf courses, then retreat to the calm of a rustic mountain farm where simplicity, comfort, and natural beauty will rejuvenate you.

Golf in Hokkaido

With a very strong golf culture, Japan is one of the world's largest golf markets and best travel destinations.

Hokkaido offers a refined and distinctive golf experience, where meticulously maintained courses are set against dramatic natural backdrops—from coastal views to forested mountains. It is also among the best golf destinations in Japan with its fun and varied golf courses such as Hokkaido Classic, Niseko Village, A-Brand, and Rusutsu.

The milder temperatures will make your time on the green most enjoyable, and the post-golf onsen will complete the relaxing experience.

Margo's Garden

Margo's Garden is a nature retreat located on the site of an old farm in the Otaru hinterland. Located in a central position between Sapporo and Niseko, we have access to dozens of excellent golf courses. We will take you to a different course every day.

We are looking forward to welcoming you to Margo's Garden, where you will experience a relaxing rustic stay, savor homemade products surrounded by nature, and play a lot of great golf.
